INTRODUCTORY SECTION

THIS PAGE LEFT BLANK INTENTIONALLY

CITY OF HALTOM CITY

February 27, 2017

Honorable Mayor and City Council Members:

The comprehensive annual financial report of the City of Haltom City for the fiscal year ended September 30, 2016 is hereby submitted. State Law requires that all governmental units publish within six months of the close of each fiscal year financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited by a licensed public accountant. This report is published to satisfy that requirement and to provide the City Council, City staff, our citizens, our bondholders and other interested parties with detailed information concerning the financial condition and activities of the City government.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. The City is responsible for establishing and maintaining internal controls designed to ensure that the assets of the government are protected from loss, theft or misuse and to insure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

In developing and evaluating the City's accounting system, consideration is given to the adequacy of internal control over financial reporting. These controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability of assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from the control. The evaluation of costs and benefits requires estimates and judgments by management. We believe that the City's current system of internal control over financial reporting adequately safeguards assets and provides reasonable assurance for proper recording of financial transactions.

The City Charter and State Law require the City's basic financial statements to be audited by independent certified public accountants. Pattillo, Brown and Hill, L.L.P., Certified Public Accountants, performed the required audit and have issued an unmodified ("clean") opinion on the City of Haltom City's financial statements for the year ended September 30, 2015. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic

financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE GOVERNMENT

The City, incorporated in 1950, is located six miles northeast of downtown Fort Worth in Tarrant County. The City has a land area of 12.4 square miles and an estimated population of 43,625. The City of Haltom City is a “home rule” unit of local government under State of Texas law. The City has a council-manager form of government. Policy-making and legislative authority are vested in a governing body (City Council) consisting of the mayor and seven council members, all elected at large through popular vote. Council members serve two-year terms, with four members elected in even numbered years and the mayor and three members elected in odd numbered years. The Council appoints the City Manager, who in turn appoints the heads of the various departments.

The City provides a full range of services. These include public safety (police and fire), municipal court, sanitation, parks, library, public works, and general administrative services. In addition, the City owns and operates a water distribution system, a wastewater collection system and a drainage utility system.

The basic financial statements of the City include all government activities, organizations and functions for which the City is financially accountable. The criteria considered in determining governmental activities to be reported within the City's basic financial statements are based upon and consistent with those set forth in the Codification of Governmental Accounting and Financial Reporting Standards. Component units are legally separate organizations that a primary government must include as a part of its financial reporting entity. The government-wide financial statements include not only the City itself (known as the primary government), but also include the Economic Development Corporation and the Crime Control District as discretely presented component units. The discretely presented component units are presented as separate columns in the government-wide financial statements.

The Haltom City Charter specifies that an operating budget be adopted prior to the first day of the fiscal year beginning October 1st. The City's budget process is a seven-month cycle, which begins in mid-February and ends in mid-September. Departments submit budget proposals by early May and during the months of May, June, and July the City Manager develops the recommended budget based on the policy direction received from Council. Prior to August 15, the City Manager submits to the Council a proposed budget of expenditures and the means to finance them for the next year. The Council holds workshop meetings and public hearings on the proposed budget to receive citizen feedback and make final determinations about the eventual adopted budget. Prior to September 30, the budget is legally enacted through the passage of an appropriation ordinance. Budgets are prepared by fund (e.g., general), department (e.g., fire), and division (e.g., suppression). Department heads may transfer resources within a department with the approval of the Finance Director. Transfers between departments and transfers involving capital outlays need special approval by the City Manager. Budget changes that increase the total budgeted expenditures of a fund must be approved by the City Council. The City Charter provides that the budget may be amended by the City Council.

LOCAL ECONOMY

The City of Haltom City has always shared the good fortune of Fort Worth and Northeast Tarrant County in general, with expanded job markets and general economic activity. This past year, the Fort Worth Metropolitan Statistical Area (MSA), in which Haltom City is located, has seen a moderately expansive growth driven by commercial construction, retail sales, services and transportation. Overall, the North Texas region has fared better than the nation as a whole. The Dallas-Fort Worth MSA area's population and labor force are among the more rapidly growing in the nation, having grown more than any other major MSA in Texas between 2010 and 2016 except Houston. Relatively low taxes, housing and energy costs make the area attractive to business, with the additional enticement that Texas has no state personal income tax.

The City is strategically located less than 12 miles southwest of the Dallas / Fort Worth International Airport (DFW Airport) and less than 8 miles southeast of Fort Worth's Alliance Airport (the world's first industrial airport). Each airport is a major economic development catalyst for all cities in the surrounding area, which includes Haltom City.

Fiscal year 2016 proved to be a positive year for retail activity and growth for the City of Haltom City. On a brighter note, sales taxes increased about 10.7% over the previous year. The development of the Belknap corridor continues, with the cleanup and removal of several structures no longer acceptable for use and new construction planned. The economy is beginning to show signs of transcending from recovery mode to expansion mode and fiscal year 2017 retail activity is expected to increase by 3% as the national and local economies continue to recover from the recession.

Because of the City's location in a region with a varied economic base, unemployment is relatively stable. Haltom City's labor force is approximately 22,618 and the unemployment rate for September 2016 was 3.9%, which compares favorably to the September 2016 national rate and the State of Texas rate of 4.9%. As the national and local economies continue to improve, unemployment is expected either to remain stable or decrease in the near term.

The general obligation bond rating for the City is AA- from Standard & Poor's. The rating is based on the strong financial management and budgetary flexibility.

LONG-TERM FINANCIAL PLANNING

In February of each year, the City Council meet and set forth the strategic goals for the City. The Haltom City Council's Long Term Strategic Goals for the coming three to five years are:

- Continue to build and maintain an empowered and loyal workforce
- While being fiscally responsible provide services to meet the needs of our growing community
- Develop a comprehensive plan for addressing the growing transportation needs of Haltom City
- Lead the city to build new municipal facilities that meet the public safety and administrative needs
- Maximize the economic benefits of the 820 Corridor

- Engage our community in order to develop a collective vision for the future of our City

The City continues to focus major efforts on our strategic goals. These goals drive decision-making and help the City Council further the City's mission and vision, and then translate that vision into actions. The City's limited resources are then prioritized to achieve that plan. The City's actions to implement the established strategic goals and address community issues are numerous and varied. However, the City continually addresses community issues through the best and most appropriate methods available.

Since 2004, the City's Finance Staff has worked with Department Heads and the City's financial advisor to develop financial models to be used in long-term financial planning. Models projecting revenues and expenditures/expenses for 5 years beyond the current year have been developed for all of the operational funds of the City and the Debt Service Fund. Assumptions have been developed for future tax rates and charges for service as well as projections for expenditures/expenses. Each possible program addition or change is analyzed in terms of impact over a 5-year window as a part of the decision making process. The models also enable the City to make assumptions about the future debt capacity of the operational funds. The ability to determine available current resources and future debt proceeds has enabled the City to move forward with a new Capital Improvement Program. The program has identified projects based on their critical nature and the timeliness of available financing for the project.

The City Council called a bond election on November 2, 2010 for the electorate to consider \$39,078,000 in capital improvements. Of the total \$21,208,000 authorized by the voters, \$8,978,000 remains unissued. The authorized but unissued bonds are for streets and parks improvements.

RELEVANT FINANCIAL POLICIES

Financial Policies guide the development and implementation of the budget and are a framework for fiscal decision making and that ensure financial resources are available to meet the current and future needs of the City. The policy statements address areas of reporting and auditing, budgeting, revenues, capital improvements, debt, and grants to name a few. The financial management policies are designed to ensure the financial integrity and assist the City in achieving the following:

- Quality basic City services that meet the needs and desires of the citizens.
- A financial base sufficient to maintain or enhance City assets required to support community service demands.
- Responsiveness to constant changing needs desires and service requirements of the City.
- Prudent and professional financial management practices to assure residents of Haltom City and the financial community that City government is well managed and in sound fiscal condition.
- Cost effective services to citizens through cooperation with other government entities.
- An adequate capital improvement program that maintains and enhances the public's assets.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Haltom City for its comprehensive annual financial report (CAFR) for the fiscal year ended September 30, 2015. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. This was the twenty-eighth consecutive year (fiscal years ended 1987-2014) that the government has achieved this prestigious award.

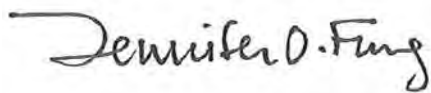

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation award for its annual budget document dated October 1, 2015. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document had to be judged proficient as a policy document, a financial plan, and operating guide, and a communications device.

The preparation of this report could not be accomplished without the efficient and dedicated endeavors of the entire staff of the Finance Department, our Audit Committee, and our independent auditors. We would like to express our sincere appreciation to all employees who contributed to the preparation. We would also like to thank the Mayor, City Council, and the City Manager for their support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

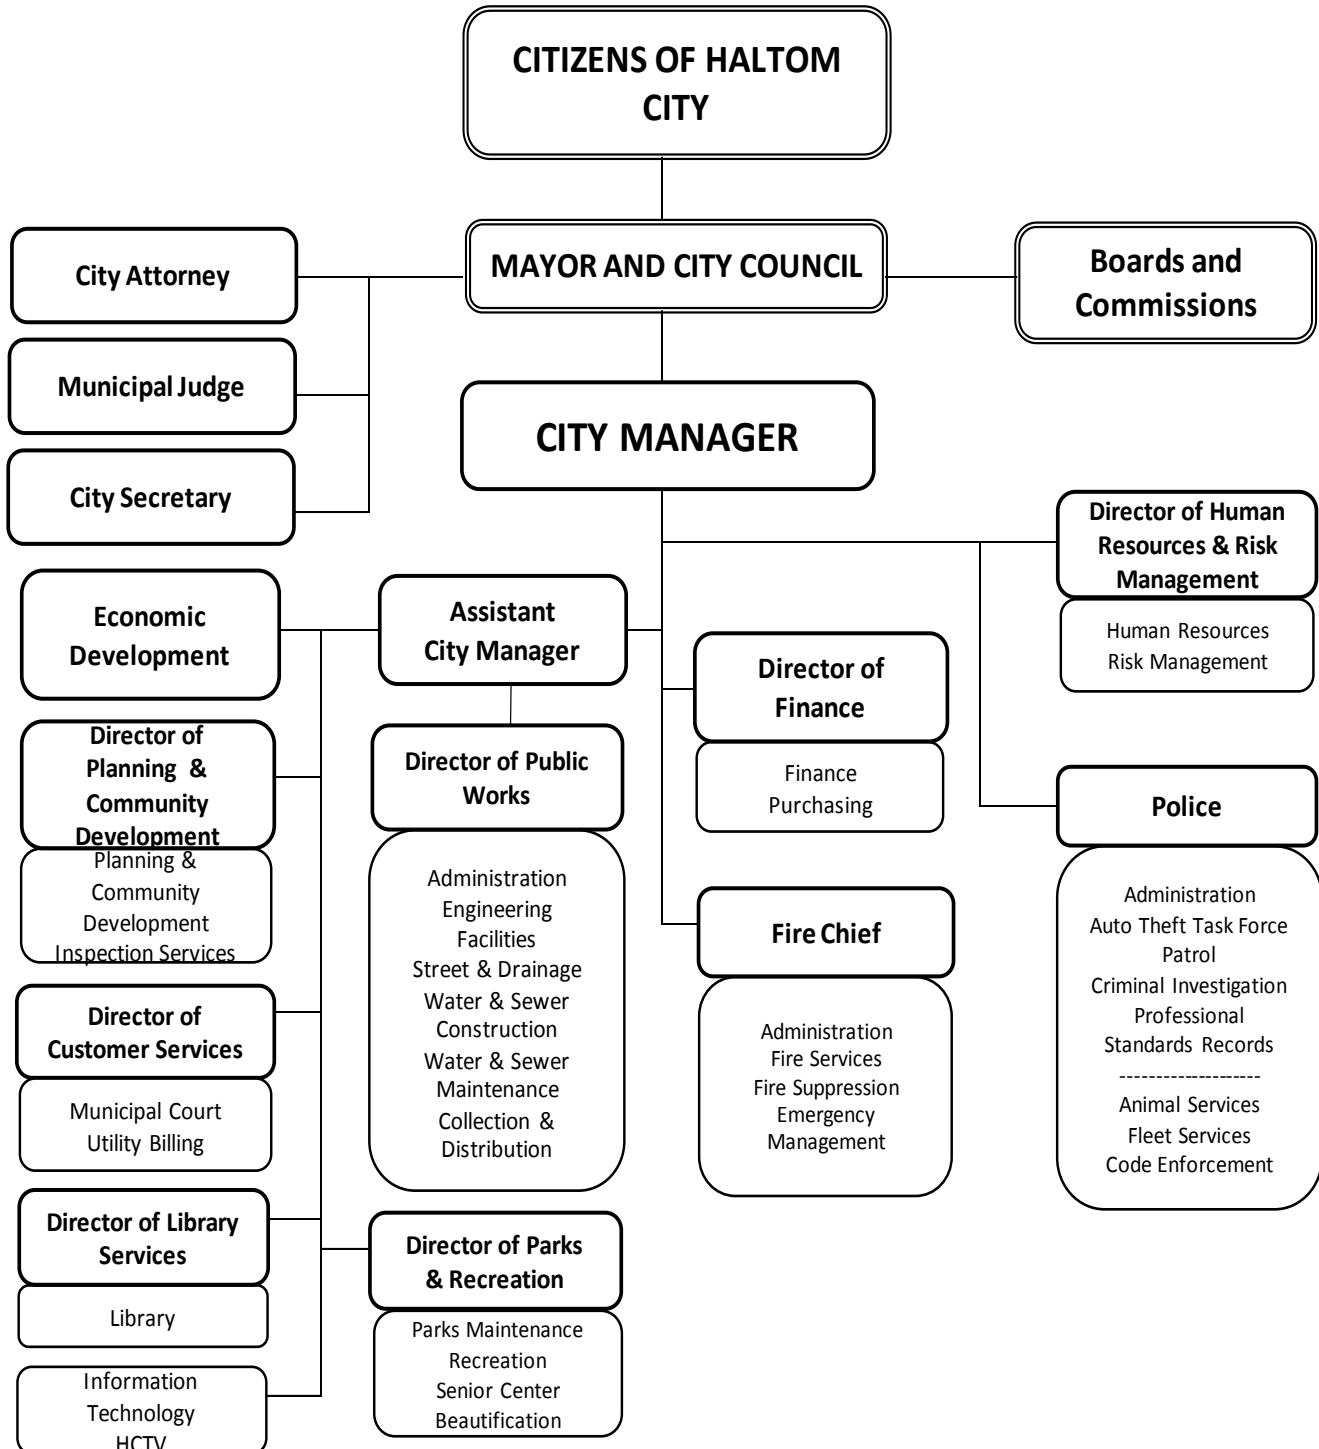

Jennifer O. Fung, CPA
Director of Finance

Jon Stevenson
Assistant Director of Finance/Controller

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of the City Council
City of Haltom City, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Haltom City, Texas (the "City") as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this include the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Haltom City, Texas as of September 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in net pension liability and related ratios, the schedule of contributions, and the schedule of funding progress post-retirement health care benefit plan on pages 4 – 14 and 62 – 67 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions of the financial statements that collectively comprise the City of Haltom City, Texas' basic financial statements. The introductory section, combining and individual non-major fund financial statements and schedule, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 27, 2017, on our considerations of the City of Haltom City, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Haltom City, Texas' internal control over financial reporting and compliance.

Pattillo, Brown & Hill, L.L.P.

Waco, Texas

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**

THIS PAGE LEFT BLANK INTENTIONALLY

MANAGEMENT'S DISCUSSION AND ANALYSIS

The financial management team of the City of Haltom City offers the following narrative overview and analysis of the financial activities of the City of Haltom City for the fiscal year ended September 30, 2016. Please read this in conjunction with the transmittal letter at the beginning of the report and the City's financial statements following this section.

I. FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the fiscal year ended September 30, 2016 by \$99.4 million (net position). Of this amount, about \$0.5 million (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors in accordance with the City's fund designation and fiscal policies.
- The City's total net position increased by \$1.2 million for the year ended September 30, 2016. This increase is due to increase in net investment in capital assets.
- On a government-wide basis, the City's total liabilities decreased by \$1.4 million or 2%. The decrease is from business-type activities.
- As of September 30, 2016, the City's governmental funds reported combined ending fund balances of \$18.6 million, a decrease of \$4.0 million in comparison with prior year. Approximately, \$9.9 million, or 53%, of the fund balance is available for spending at the government's discretion (unassigned fund balance).

II. OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and deferred outflows and liabilities and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

CITY OF HALTOM CITY, TEXAS

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the year ended September 30, 2016

In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

- **Governmental activities:** Most of the City's basic services are reported here, including the police, fire, street maintenance, culture and recreation and general administration. Property taxes, sales taxes, franchise fees, charges for services and fines/forfeitures provide the majority of funding for these activities.
- **Business-type activities:** The City charges a fee to customers to cover all or most of the cost of certain services provided. The City's water and sewer system, and drainage utility system are reported here.

The government-wide financial statements include not only the City itself (known as the primary government), but also include the Economic Development Corporation and the Crime Control District, which are legally separate entities. The Economic Development Fund accounts for the local sales tax used to stimulate the local economy, development, and redevelopment. The Crime Control District accounts for the accumulation and use of sales tax proceeds designated for crime reduction programs. Additional information on these two component units can be found in Note 1 in the notes to the financial statements.

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds - not the City as a whole. Some funds are required to be established by State law. However, the City establishes many other funds to control and manage money for particular purposes or to show the legal responsibilities for using certain revenues.

The City's three kinds of funds, governmental, proprietary, and fiduciary, use different accounting approaches.

Governmental funds: Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the City's general government operations and the basic services it provides. Governmental fund information helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation beside the fund financial statements.

Proprietary funds: When the City charges customers for the full cost of the services it provides whether to outside customers or to other units of the City, these services are reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise funds (a component of business type funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds.

Fiduciary funds: These funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

CITY OF HALTOM CITY, TEXAS**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

For the year ended September 30, 2016

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Other Information

In addition to basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits and other post-retirement healthcare benefits to its employees. This report also contains combined financial statements, as well as individual detailed budgetary comparisons for all non-major governmental funds.

III. GOVERNMENT-WIDE FINANCIAL ANALYSIS**Analysis of the City's Financial Position**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. For the City of Haltom City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$99.4 million as of September 30, 2016.

By far the largest portion of the City's net position, \$90 million or 91% reflects its investment in capital assets (e.g. land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

A portion of the City's net position (\$8.6 million, or 9%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$0.49 million, or 0.5%) may be used to meet the government's ongoing obligations to citizens and creditors.

CITY OF HALTOM CITY, TEXAS**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

For the year ended September 30, 2016

At the end of the current fiscal year, the City reported a positive balance in all three categories of net position. However, the governmental activities showed a \$5.99 million negative unrestricted net position and the business-type activities showed a positive unrestricted net position of \$6.49 million. The net position for governmental activities and business-type activities are summarized as follows:

| | Governmental Activities | | Business Type Activities | | Total | |
|---------------------------------------|------------------------------------|----------------------|-------------------------------------|----------------------|----------------------|----------------------|

Governmental activities

Net position of the City's governmental activities decreased by \$0.4 million or 1%, from \$52.5 million to \$52.1 million at the end of the year. Revenues decrease by about \$6.0 million (16%) and expenses increased by about \$4.0 million (14%).

CITY OF HALTOM CITY, TEXAS

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the year ended September 30, 2016

Key changes of revenues and expenses are as follows:

Revenues

- Program revenues: Charges for Service were higher due to increase in operation activities while operating grants and capital grants were lower due to conclusion of grants from Department of Transportation and North Texas Council of Government.
- Property taxes increased slightly by \$85,690 due to increase in the certified taxable value.
- Other taxes increased by \$806,081 due to an increase of collections from sales tax.
- Interest and investment earnings increased by \$71,816 due to higher interest rates.
- Other revenues increased by \$108,468 mainly due to higher operating activities.

Expenses

- Total expenses for the City increased by \$4,057,060 or 14%.
- General government increased by almost \$2 million due to increase in Administration, City Secretary and Fleet services.
- Public Safety expenses increased by more than \$2.4 million or 15.5% due to increase in salary and vacant positions filled in FY2016
- Streets expenses were lower due to vacant positions and lower activities.
- Interest and fiscal charges are lower due to lower outstanding debts.

Revenues by Source - Governmental Activities

Business-type activities

The net position of business-type activities at end of Fiscal Year 2016 was at \$47.3 million compared to \$45.7 million for prior year. This was an increase in net position of \$1.6 million, or 4% over the prior fiscal year. The City generally can only use the net position to finance the continuing operations of the business-type activities. Total revenues for business-type activities increased by about \$1 million from \$20.3 million to \$21.3 million. The increase was due to increase in Water and Sewer Rates. Total expenses for FY2016 increased by \$1.9 million when compared to FY2015. The increase was due to higher operating cost.

Water and Sewer Fund

- The Water and Sewer Fund program revenues increased by \$1.6 million (9%) mainly due to the increase in water and sewer rates.
- Expenses for Water and Sewer Fund increased by \$1.6 million (10%). This reflected the increase of costs and included the water and sewer charges by our provider City of Fort Worth.

Drainage Fund

- Program revenues decreased by \$0.74 million (28%) due to exceptional high grant revenue (about \$1 million) in FY2015.
- Drainage expenses increased by \$0.32 million (31%) mainly due to more drainage projects as vacant positions were filled in FY2016.

CITY OF HALTOM CITY, TEXAS

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the year ended September 30, 2016

Revenues by Source - Business-Type Activities

Analysis of City's Funds

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of about \$18.6 million a decrease of \$4.0 million (21%) in comparing to the prior year. Approximately 53% of this total fund balance \$9.9 million constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance of \$8.7 million, is not available for general spending.

CITY OF HALTOM CITY, TEXAS

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

For the year ended September 30, 2016

The General Fund fund balance decreased by about \$2 million (17%) this fiscal year. For FY2016, total General Fund revenues increased by \$174,314 (1%). Major increases were taxes and Charges for services. Total tax revenues increased by \$578,788 (3%). This increase was from Sales Tax with an increase of \$651,714 (11%). The increase was partly due to general increase in sales and partly due to adjustments from the Texas Comptroller's Office. All other tax revenues, including property tax, mixed beverage and franchise were down slightly. Charges for services increased by \$232,263 (14%) primarily due to increase in Recreation Fees and Administrative/Building/Fleet Fees. Major reduction in revenues includes Fines and Fees, Miscellaneous revenues and Oil and Gas Leases. Fines and Fees reduced by \$405,019 (23%) due to fewer citations issued. Miscellaneous revenues decreased by \$141,620 (46%) due to exceptional high amount for FY2015 from insurance reimbursements and claims. Oil and Gas Leases also significantly reduced by \$97,578 (76%) as the oil prices and activities were lower.

General Fund expenditures increased by \$1.9 million. Major increases are General Government increased by about \$1 million (20%) and Police increased by about \$0.75 million (9%). The increase in General Government included higher costs in City Manager's Office (staff turnover), Human Resources (additional staff and higher employment costs), and Building Maintenance (City Hall carpets and improvements). Police expenditures increases were caused by increase in salary and purchase of vehicles.

The Debt Service Fund has a fund balance of \$493,055, all of which is restricted for the payment of debt. The City is to limit general obligation annual debt requirements to 25% of general government expenditures. The FY2016 debt requirement was about 19% of the General Fund expenditures.

The Street Reconstruction Capital Project Fund ended the year at \$5,613,366. The fund balance is restricted for street capital projects. This fund balance was \$274,490 (5%) more than the prior year due to timing of expenditures and progress of construction projects. Total expenditures for FY2016 amounted to \$1,489,642.

The Capital Improvement Project Fund had a fund balance of \$1,111,087 which was \$3,209,307 (74%) lower than FY2015. This amount is for specific designated capital projects. Total expenditures for FY2016 amounted to \$3,703,035 for various capital improvements with over \$3.5 million for Little Fossil Drainage Project.

Proprietary funds. The City's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail. Factors concerning the finances of the proprietary funds have already been addressed in the discussion of the City of Haltom City's business-type activities.

General Fund Budgetary Highlights

General Fund fund balance reduced by \$1.9 million for FY2016. This decrease was due to actual revenues and transfers it was lower than the actual expenditures and transfers out for the year.

When comparing to the budget, actual total revenues was \$797,496 higher than the budget due to slight increase in almost every revenue category except Fines/Fees and Oil/Gas Leases. It was encouraging to see increases in Taxes and Licenses and Permits which showed a better economic outlook. Income from Oil and Gas Lease was lower than budget due to lower prices and activities. Income from Fines and Fees were lower due to lower fewer citations issued.

The actual total expenditures were lower than the budget by \$492,365. Expenditures for some departments were over the budget. The overage was due to the fact that when the budget was adopted, all salary increases were recorded in the non-departmental budget instead of allocating the salary increase to each department.

CITY OF HALTOM CITY, TEXAS**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

For the year ended September 30, 2016

IV. CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets - At September 30, 2016, the City had \$141.6 million (net of accumulated depreciation) invested in capital assets including police and fire equipment, buildings, park facilities, roads, water, sewer, and storm water facilities. This amount represents a net increase of \$1.3 million, or 2% over last year. Details of capital assets are listed below.

| | Capital Assets | | | | | |
|-----------------------------------|-----------------------|----------------------|----------------------|----------------------|-----------------------|-----------------------|
| | Governmental | | Business Type | | Total | |
| | Activities | | Activities | | | |
| | FY 2016 | FY 2015 | FY 2016 | FY 2015 | FY 2016 | FY 2015 |
| Land | \$ 18,506,376 | \$ 18,646,327 | \$ 6,125,273 | \$ 6,125,273 | \$ 24,631,649 | \$ 24,771,600 |
| Buildings | 18,179,525 | 18,179,525 | 10,585,874 | 10,585,874 | 28,765,399 | 28,765,399 |
| Water & sewer system | - | - | 50,647,462 | 50,647,462 | 50,647,462 | 50,647,462 |
| Improvements other than buildings | 61,415,873 | 61,415,873 | - | - | 61,415,873 | 61,415,873 |
| Machinery and equipment | 12,247,068 | 12,031,219 | 5,803,206 | 5,700,117 | 18,050,274 | 17,731,336 |
| Construction in progress | 29,367,858 | 24,384,344 | 13,593,843 | 13,246,849 | 42,961,701 | 37,631,193 |
| Accumulated depreciation | (54,318,533) | (50,581,857) | (30,571,991) | (28,975,758) | (84,890,524) | (79,557,615) |
| Total | \$ 85,398,167 | \$ 84,075,431 | \$ 56,183,667 | \$ 57,329,817 | \$ 141,581,834 | \$ 141,405,248 |

There were no major changes in most of the capital asset groups except Construction in Progress. Major construction projects completed or in progress during the current fiscal year were Highway 820/Backage Roads, Realignment of US377 at Belknap Street, Clay Avenue, Webster Street and Oakwood Street, Spring Lake Sanitary Sewer and Little Fossil Creek Drainage Project.

Additional information on the City of Haltom City's capital assets can be found in Note 6 of this report.

Long-term Liabilities - At the end of the current fiscal year, the City had total general obligation bonds, refunding bonds, certificates of obligation, tax notes, premium on bonds, compensated absences, net pension obligation liabilities outstanding of \$76.7 million. Of this amount, \$58.1 million was from governmental activities and \$18.6 million were business-type activities.

CITY OF HALTOM CITY, TEXAS**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

For the year ended September 30, 2016

The City had total bonded debt outstanding of \$51.3 million. Of this amount, \$35.9 million was comprised of debt backed by the full faith and credit of the City and \$15.3 million represents bonds secured by the full faith and credit of the City but, being serviced by specific revenue sources from the proprietary funds. The City's underlying General Obligation Bond rating is AA- by Standard & Poor's.

Long-Term Liabilities

| | Governmental Activities | | Business-Type Activities | | Total | |

| Total Long-Term Liabilities | \$ 58,064,748 | \$ 57,656,546 | \$ 18,605,837 | \$ 19,661,241 | \$ 76,670,585 | \$ 77,317,787 |

Additional information on the City's long-term debt can be found in note 8 of this report.

V. ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City's budgetary flexibility remains very strong with solid fund reserves. The City's economy remains weak despite the strong economy of the Dallas Fort Worth Metroplex. The City's elected and appointed officials considered many factors when setting the fiscal year 2017 budget especially tax rates, and fees that will be charged for the business-type activities.

Highlights of the 2017 budget include:

- Balanced budget
- Property tax rate remains the same
- Adjustments in water, sewer and drainage rates
- Salary increase for employees
- Total City budget over \$75.8 million

VI. REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, please contact the Finance Department at 5024 Broadway Avenue, Haltom City, Texas.

CITY OF HALTOM CITY, TEXAS

RECONCILIATION OF THE CHANGES IN GOVERNMENTAL FUND BALANCES TO THE CHANGE IN NET POSITION OF GOVERNMENT ACTIVITIES

FOR THE YEAR ENDED SEPTEMBER 30, 2016

| | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| Net change in fund balances - total governmental funds: | \$(4,076,598) |
| Amounts reported for governmental activities in the Statement of Activities are different because: | |
| Capital assets used in governmental activities are not reported in the funds. | 5,059,412 |
| Depreciation on capital assets is reported in the statement of activities but does not require the use of current financial resources. Therefore, depreciation is not reported as expenditures in the governmental funds. | (3,736,676) |
| Contribution of capital assets from component units. | - |
| Changes in revenues in the statement of activities that does not provide current financial resources. | (355,173) |
| Interest on long-term debt is not accrued at the fund level. | (312) |
| The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. | |
| Bonds payable | 3,545,000 |
| Bonds premiums | 50,453 |
| Compensated absences | 63,095 |
| Net pension obligation | (792,720) |
| Other post employment obligations | (142,178) |
| Loss on bond refundings are recorded as expenditures in the fund financial statements but are capitalized and amortized in the government-wide financial statements. | (15,171) |
| Change in net position of governmental activities | \$(<u>400,868</u>) |

CITY OF HALTOM CITY, TEXAS

CITY OF HALTOM CITY, TEXAS

NOTES TO BASIC FINANCIAL STATEMENTS

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City adopted a Home Rule Charter on October 10, 1955 and operates under a Council/Manager form of government. The City Council consists of eight members: a mayor, and seven council members elected by the City's residents. All powers of the City are vested in an elected council that enacts local legislation, adopts budgets, determines policies, and appoints the City Manager. The City Manager is responsible for executing the laws and administering the government of the City.

The financial statements of the City of Haltom City, Texas (the "City") are presented in accordance with accounting principles generally accepted in the United States of America applicable to state and local governmental units as set forth by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant accounting policies.

Financial Reporting Entity

The City's basis financial statements include the separate governmental entities that are controlled by or are dependent on the City. The determination to include separate governmental entities is based on the criteria of GASB Statement No. 61 and defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. To be financially accountable, a voting majority of the component unit's board must be appointed by the primary government, and either (a) the primary government must be able to impose its will, or (b) the primary government may potentially benefit financially or be financially responsible for the component unit.

Blended component units are part of the City's operations and therefore data from these units are combined with data of the primary government. Discretely presented component units are reported in a separate column in the financial statements to emphasize it is legally separate from the City.

Based on these criteria, the financial information of the following entities is discretely presented as single columns in the government-wide financial statements. Separate financial statements for the Economic Development Corporation and the Crime Control District are not prepared.

Haltom City Economic Development Corporation (the “Corporation”) was incorporated on September 11, 1995 under the Development Corporation Act of 1979. The Corporation is used to account for the accumulation and use of half-cent sales tax proceeds and is legally separate from the City. The Corporation operates under a seven-member Board of Directors appointed by the City Council. The majority of the Board consists of non-council members. The Corporation was created to stimulate economic development activities within the City. The City is able to impose its will on the Corporation. The Corporation does not provide services entirely, or almost entirely, to the primary government or exclusively benefits the primary government. Complete financial statements for the component unit may be obtained at the City’s office; 5024 Broadway Avenue, Haltom City, Texas.

Haltom City Crime Control and Prevention District (the “District”) was officially created on November 13, 1995 with the provision of Chapter 323, as amended, Texas Tax Code and the Act. The District is used to account for the accumulation and use of half-cent sales tax proceeds designed for crime reduction and is legally separate from the City. The District operates under a seven-member Board of Directors appointed by the City Council. The Board consists of non-council members. The City is able to impose its will on the District. The District does not provide services entirely, or almost entirely, to the primary government or exclusively benefit the primary government. Complete financial statements for the component unit may be obtained at the City’s office; 5024 Broadway Avenue, Haltom City, Texas.

Resource flows (except those that affect the statement of net position only, such as loans and repayments) between the primary government and the discretely presented component units are reported as external transactions – that is, as revenues and expenses.

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the non-fiduciary activities of the primary government. Governmental activities which normally are supported by taxes and intergovernmental revenues are reported separately from business-type activities, which primarily rely on fees and charges for support. Fiduciary activities are not reported in the government-wide financial statements.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statement for governmental funds. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the Elimination of these shares would distort the direct costs and program revenues reported for the various functions concerned.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the business-type activities of the City and for each governmental program. Direct expenses are those that specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are represented as general revenues.

Fund Financial Statements

Fund financial statements report detailed information about the City. The focus of governmental and enterprise fund financial statements is on major fund rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

All governmental funds are accounted for using modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenue such as property taxes, sale tax, franchise tax, and charges for service to be available if they are collected within 60 days of the end of the current fiscal period. Permits and municipal court fines and fees are not susceptible to accrual because generally they are not measureable until received in cash. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measureable.

The following is a brief description of the major funds used by the City:

Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses, and balance of financial resources. The City reported the following major governmental funds:

The **General Fund** is the primary operating fund of the City. It is used to account for all financial resources except those required to be account for in another fund.

The **Debt Service Fund** is used to account for the accumulation of resources for the payment of general long-term debt principal, interest, and related costs from taxes levied by the City.

The **Street Reconstruction Fund** is a capital project fund used to account for projects financed with resources from governmental funds and tax-supported debt. Proceeds are used for construction, renovation, and major improvement to various City facilities, and other large non-recurring projects.

The **Capital Improvement Fund** is a capital project fund used to account for projects financed with resources from governmental funds and tax-supported debt. Proceeds are used for construction, renovation, and major improvement to various City facilities, and other large non-recurring projects.

Proprietary Funds

Proprietary funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The City has presented the following proprietary funds.

The **Water and Sewer Fund** is used to account for the City's water and sewer operations that are financed and operated in a manner similar to private business enterprise – where the intent is that costs (expenses including depreciation) of providing services are financed or recovered through user charges.

The **Drainage Fund** is used to account for the City's storm water management program.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's proprietary funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenues and expenses.

There were no non-major proprietary funds for the fiscal year ended September 30, 2016.

Fiduciary/Trust Funds

Fiduciary/Trust funds are used to account for assets held by the City in a trustee capacity for others or for other funds. Fiduciary/Trust funds use the economic resources measurement focus. The Postemployment Benefits Trust Fund is the Fiduciary/Trust fund currently recognizing the assets held in trust, by Public Agency Retirement Services (PARS), for the City's post-employment benefits.

Cash, Cash Equivalents, and Investments

The City pools idle cash from all funds for the purpose of increasing income through investment activities. Interest income relating to consolidated investments is allocated to the individual funds monthly based on the funds' prorated share of the investment principal, which was allocated to the funds based on the funds' prorated cash balance at the date the investment was purchased.

For purposes of reporting cash flows, Enterprise Funds consider cash and all highly liquid investments with maturity of three months or less to be cash equivalents.

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Investments for the City are reported at fair value, except for the position in investment pools. The City's investment in pools are 2a7-like pools and are reported at the net asset value per share (which approximates fair value) even though it is calculated using the amortized cost method. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

Excess cash may be invested in certificates of deposit, United States treasury bills, notes, and bonds, government agencies, repurchase agreements, Texas local government investment pools, and local government general obligation or revenue bonds. Maturities on all investments are consistent with the City's cash flow requirements.

Inventories and Prepaid Items

Inventories consist of expendable supplies and automotive parts held for consumption. Inventories are valued at cost, which approximates market, using the first-in/first-out method. Inventories are recognized as expenditures as they are consumed.

Payments made to vendors for services that will benefit periods subsequent to September 30, 2016 are recorded as prepaid items.

Interfund Receivables/Payables and Transactions

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from funds" (i.e., the non-current portion of interfund loans). All other outstanding balances are reported as either "due to/from other funds" or "advances to/from other funds."

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of two years. All purchased capital assets are valued at historical records are available and at an estimated historical cost where not historical records exist. Donated capital assets are recorded at acquisition value, which is the price to acquire an asset with equivalent service potential at the acquisition date. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Intangible assets with definite lives are recorded at cost and amortized over the useful lives. Intangible assets with indefinite lives are recorded at cost and no amortization is taken. Intangible assets of the City consist of right of ways and easements.

Depreciation is recorded for each major class of depreciable property utilizing the straight-line method over the following estimated useful lives of the assets:

| | |
|----------------------------------|-------------|
| Buildings | 50 years |
| Waterworks and sewer system | 10-50 years |
| Improvements other than building | 10-30 years |
| Machinery and equipment | 3-10 years |

Capitalization of Interest

The City capitalizes interest costs for business-type activities only from the date of the borrowing until projects acquired with those funds are ready for their intended use. The total interest incurred for the year ended September 20, 2016, in the enterprise fund was \$490,738. Of these amounts, \$14,125, in interest costs were capitalized as capital assets as part of the cost of constructing various projects.

Accrued Vacation/Compensated Absences

Full-time permanent employees are granted vacation benefits in varying amounts to specified maximums depending on tenure with the City. Vacation leave will be paid on termination as long as the employee has worked a minimum of five years.

Sick leave is accrued for each permanent full-time employee at the rate of one day for each month of employment in the calendar year. A total of thirty days of sick leave is the maximum that may be carried over from one year to the next. Any accumulated sick leave over thirty days shall be paid at the regular employee hourly base rate once each year during the month of November.

Vest compensated absences (unpaid to employees terminated before year-end) that are expected to be liquidated with expendable available financial resources are reported as an expenditure and a fund liability of the governmental fund that will pay it. Vest or accumulated benefits within proprietary funds, and for governmental activities at the government-wide level, are recorded as an expense and liability of those funds as the benefits accrue to employees.

Pensions

For purposes of measuring the net pension liability, pension related deferred outflows and inflows of resources, and pension expense, City specific information about its Fiduciary Net Position in the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has the following items that qualify for reporting in this category.

- Deferred charges on refunding – A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Pension contributions after measurement date – These contributions are deferred and recognized in the following fiscal year.
- Difference in projected and actual earnings on pension assets – This difference is deferred and amortized over a closed five year period.

In addition to liabilities, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has only one type of item that qualifies for reporting in this category. The difference in expected and actual pension experience is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.

Fund Equity

The following fund balance classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance – amounts that are not in the spendable form (such as inventory) or are required to be maintained intact;
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provision, or by enabling legislation;
- Committed fund balances – amounts constrained to specific purposes by a government itself, using its highest level of decision – making authority (ordinance); to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned fund balance – this classification includes amounts that are constrained by the City's intent to be used for a specific purpose but are neither restricted nor committed. The City Charter gives the City Council the authority to constrain amounts to be used for a specific purpose or to delegate this responsibility to the City Manager.

- Unassigned fund balance – amounts that are available for any purpose; positive amounts are reported only in the general fund.

City Council establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentive). Assigned fund balance is established by City Council through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt services, or for other purposes).

The City maintains an unallocated fund balance to be used for unanticipated emergencies of at least 20% of the expenditure budgets of the major operation fund (General, Water & Sewer, and Drainage Utility Funds).

When fund balance resources are available for a specific purpose more than one classification, it is the City's policy to use the most restrictive funds first in the following order; restricted, committed, assigned, and unassigned as they are needed.

Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitation imposed on their use either through the enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

Budgets for the General, Special Revenue, Capital Projects, Debt Service, and Enterprise Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Annual appropriated budgets are adopted for all funds.

The City Manager submits to the City Council, not less than 45 days prior to the beginning of each fiscal year, a proposed budget for most City funds. At the meeting of the City Council at which the budget is submitted, the City Council establishes the time and place of the public hearing on the budget and publishes a notice of the budget hearing. Upon adoption, the budget is filed with the City Secretary for public inspection.

During the fiscal year, the City Manager authorized to transfers budgeted amount between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. Budget amendments were made during the year and appropriately approved by the City Council. Unused appropriations lapse at year-end.

III. BANK DEPOSITS AND INVESTMENTS

Bank Deposits

The City's funds (exclusive of the Postemployment Benefits Trust) are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with its agent bank, approved pledged securities in an amount sufficient to protect City funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository banks' dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance. The City's deposits were fully insured or collateralized as required by States statutes as of September 30, 2016. The collateral is held in the City's name by the Federal Reserve Bank of Dallas, an agent of the City's financial institution.

The deposits and investments of the Postemployment Benefits Trust are held separately from those of those City funds by an outside trustee appointed by the City. Postemployment Benefits Trust Fund deposits of \$2,142,711 at September 30, 2016, representing money market mutual funds, are held by a bank trust and are managed by independent investment managers for the ultimate benefit of city employees who participate. These investments are reported at fair value.

Investments

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports, and establishment of appropriate policies. Among other things, it requires the City to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit. Statutes and the City's investment policy authorized the City to invest in the following investments as summarized in the following table as of September 30, 2016:

| Authorized Investment Type | Maximum Maturity | Maximum Percentage of Portfolio | Maximum Investment in One Issuer |
|-----------------------------------|---------------------|---------------------------------------|----------------------------------------|
| U.S. Treasury obligations | 3 years | 100% | None |
| U.S. Agency obligations | 3 years | 75% | None |
| State of Texas securities | 3 years | 75% | None |
| Certificates of deposit | 3 years | 50% | None |
| Repurchase agreements | 3 years | 50% | None |
| No-load money market mutual funds | 3 years | 50% | None |
| Public funds investment pool | N/A | 70% | None |

The Act also requires the City to have independent auditors perform test procedures related to investment practices as provided by the Act. The City is in substantial compliance with the requirements of the Act and with local policies.

Cash and investments as of September 30, 2016 are classified in the accompanying financial statement as follows:

| | |
|--------------------------|-----------------------------|
| Governmental activities | \$ 18,150,824 |
| Business-type activities | <u>9,554,534</u> |
| Total primary government | <u>27,705,358</u> |
| Economic development | 2,785,880 |
| Crime Control District | <u>74,138</u> |
| Total component units | <u>2,860,018</u> |
| Fiduciary funds | <u>2,142,711</u> |
| Total | <u><u>\$ 32,708,087</u></u> |

Cash and investments as of September 30, 2016 consist of the following:

| | |
|---------------|-----------------------------|
| Cash deposits | \$ 4,957,077 |
| Investments | <u>27,751,010</u> |
| | <u><u>\$ 32,708,087</u></u> |

Disclosures relating to interest rate risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to change in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by investing mainly in investment pools which purchase a combination of shorter term investments with an average maturity of less than 30 days thus reducing the interest rate risk. The City monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. City policy limits the weighted average maturity of its portfolio to a period less than 720 days. Presented below is the weighted average maturity in days of the types of investment the City held at September 30, 2016.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assigned of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the Public Funds Investment Act, the City's investment policy, or debt agreements, and the actual rating as of year-end for each investment type.

As of September 30, 2016, the City had the following investments:

| Investment Type | Amount | Weighted Average Maturity (Days) | Minimum Legal Rating | Rating as of September 30, 2016 |
|-------------------------|----------------------|----------------------------------------|----------------------------|---------------------------------------|
| TexPool | \$ 122,764 | 44 | AAA | AAAm |
| Texas CLASS | 7,730,341 | 53 | AAA | AAAm |
| Texas Term | 1,324,173 | 1 | AAA | AAAf |
| Money market fund | 2,142,709 | 1 | N/A | N/A |
| Certificate of deposits | 4,225,110 | 328 | N/A | N/A |
| FFCB | 500,462 | 76 | AA | AA+ |
| FHLB | 1,501,279 | 768 | AA | AA+ |
| FHLMC | 4,498,471 | 853 | AA | AA+ |
| FNMA | 4,499,978 | 828 | AA | AA+ |
| Municipal bonds | <u>1,205,723</u> | 303 | AA | AA-/AA3 or higher |
| Total | \$ <u>27,751,010</u> | | | |

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of September 30, 2016:

Municipal bonds of \$1,205,723 are valued using quoted prices in an active market for identical assets (Level 2 inputs).

U.S. Agency Bonds of \$501,377 are valued using a matrix pricing model (Level 1 inputs).

U.S. Agency Bonds of \$10,498,813 are valued using a matrix pricing model (Level 2 inputs).

Concentration of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer. As of September 30, 2016, other than external investment pools and securities guaranteed by the U.S. Government, the City did not have 5% or more of its investment with one issuer. The City's investment policy allows up to 100% to be invested in U.S. Treasury Bills/Notes/Bonds, and U.S. Agencies and Instrumentalities.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to receive its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counter party to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

The Public Funds Investment Act and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The Public Funds Investment Act requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least the bank balance less the FDIC insurance at all times.

As of September 30, 2016, the City deposits with financial institutions in excess of federal depository insurance limits are fully collateralized.

Investment in State Investment Pools

The City is a voluntary participant in various investment pools. These pools included that following: TexPool, Texas Term, and Texas CLASS.

The State Comptroller of Public Accounts exercises responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of bot participants in TexPool and other persons who do not have a business relationship with TexPool. TexPool operates in a manner consistent with SEC's Rule2a7 of the Investment Company Act of 1940. TexPool uses amortized cost rather than fair value to report net position to compute share prices. Accordingly, the fair value of the position in TexPool is the same as the value of TexPool shares.

Texas Term is organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. A seven member advisory board governs the Pool. As required by the Public Funds Investment Act, the Advisory Board is composed of participants in the Pool and other persons who do not have a business relationship with the Pool. Under agreement with the Texas Term Advisory Board, PFM Asset Management LLC provides administrative and investment services to the pool. The Pool purchases only investments of the type in which Texas local governments are permitted to invest their own funds. The fair value of the position in Texas Term is the same as the value of Texas Term shares.

The Texas CLASS investment pool was organized in March 1996 in accordance with the Texas Public Funds Investment Act and Texas Government Code. MBIA Municipal Investors Service Corp. serves as investment adviser and administrator to the Pool. All investments re made in securities that are allowed by the Texas Public Funds Investment Act and are overseen by a Texas CLASS participant board of directors. The board is made up of seven trustees and seven advisory positions, which meet twice a year with one participant meeting, held annually. The board has the power to administer the affairs of the Pool and to enter into controls and agreements on behalf of the Pool. Texas CLASS also has a fair value position that is the same as the value of its shares.

IV. RECEIVABLES

Accounts receivable and the related allowance for doubtful accounts for the governmental funds and the enterprise funds at September 30, 2016 are as follows:

| <u>Fund</u> | <u>Outstanding Balance</u> | <u>Allowance for Doubtful Accounts</u> | <u>Accounts Receivable, Net</u> |
|--------------|--------------------------------|------------------------------------------------|-----------------------------------------|
| Governmental | \$ <u>6,783,278</u> | \$ <u>3,148,591</u> | \$ <u>3,634,687</u> |
| Enterprise | \$ <u><u>2,705,400</u></u> | \$ <u><u>431,819</u></u> | \$ <u><u>2,273,581</u></u> |

V. PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1 and are levied for appropriation for the fiscal year beginning on October 1. Property taxes are accrued based on the period for which they are levied and available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay current liabilities. Taxes not expected to be collected within sixty days of the fiscal year-end are recorded as deferred revenues and are recognized when they become available. Taxes collected prior to the levy date to which they apply are recorded as deferred revenues and recognized as revenue in the period to which they apply. Current taxes are due on October 1 and become delinquent if unpaid on February 1. Taxes unpaid as of February 1 are subject to penalty and interest as provided by City ordinance and the Texas Property Tax Code. The City's charter provide that general property taxes are limited to \$1.50 per \$100 of assessed valuation for general governmental services including the payment of principal and interest on general obligation bonds. Article XI, Section 5 of the State of Texas Constitution limits property taxes for cities, including those applicable to debt service, to \$2.50 per \$100 of assessed valuation. The City's 2016 tax rate was \$0.699990 per \$100 of assessed valuation.

VI. CAPITAL ASSETS

The following is a summary of changes in the governmental activities capital assets during the fiscal year ended September 30, 2016:

| | 9/30/2015 | Additions | Deletions | 9/30/2016 |
|---------------------------------------------|---------------|--------------|------------|---------------|
| Capital assets, not being depreciated: | | | | |
| Land | \$ 18,646,327 | \$ - | \$ 139,951 | \$ 18,506,376 |
| Construction in progress | 24,384,344 | 4,983,514 | - | 29,367,858 |
| Total capital assets not being depreciated | 43,030,671 | 4,983,514 | 139,951 | 47,874,234 |
| Capital assets, being depreciated: | | | | |
| Buildings | 18,179,525 | - | - | 18,179,525 |
| Improvements other than building | 61,415,873 | - | - | 61,415,873 |
| Machinery and equipment | 12,031,219 | 215,849 | - | 12,247,068 |
| Total capital assets being depreciated | 91,626,617 | 215,849 | - | 91,842,466 |
| Less accumulated depreciation for: | | | | |
| Buildings | (6,519,389) | (719,315) | - | (7,238,704) |
| Improvements other than building | (35,776,537) | (2,088,324) | - | (37,864,861) |
| Machinery and equipment | (8,285,931) | (929,037) | - | (9,214,968) |
| Total accumulated depreciation | (50,581,857) | (3,736,676) | - | (54,318,533) |
| Total capital assets being depreciated, net | 41,044,760 | (3,520,827) | - | 37,523,933 |
| Governmental capital assets, net | \$ 84,075,431 | \$ 1,462,687 | \$ 139,951 | \$ 85,398,167 |

Depreciation was charged to functions as follows:

| | |
|--------------------------|--------------|
| Governmental activities: | |
| General government | \$ 146,998 |
| Public safety | 1,036,921 |
| Highway and streets | 1,949,138 |
| Culture and recreation | 603,619 |
| Total | \$ 3,736,676 |

The following is a summary of the changes in business-type activities capital assets during the fiscal year ended September 30, 2016:

| | 9/30/2015 | Additions | Deletions | 9/30/2016 |
|---------------------------------------------|---------------|-----------------|-----------|---------------|
| Capital assets, not being depreciated: | | | | |
| Land | \$ 6,125,273 | \$ - | \$ - | \$ 6,125,273 |
| Construction in progress | 13,246,849 | 346,994 | - | 13,593,843 |
| Total capital assets not being depreciated | 19,372,122 | 346,994 | - | 19,719,116 |
| Capital assets, being depreciated: | | | | |
| Building and improvements | 10,585,874 | - | - | 10,585,874 |
| Machinery and equipment | 5,790,167 | 103,088 | (90,049) | 5,803,206 |
| Water works and sewer system | 50,647,462 | - | - | 50,647,462 |
| Total capital assets being depreciated | 67,023,503 | 103,088 | (90,049) | 67,036,542 |
| Less accumulated depreciation for: | | | | |
| Buildings and improvements | (2,760,723) | (348,612) | - | (3,109,335) |
| Machinery and equipment | (4,895,394) | (269,440) | 90,049 | (5,074,785) |
| Water works and sewer system | (21,409,691) | (978,180) | - | (22,387,871) |
| Total accumulated depreciation | (29,065,808) | (1,596,232) | 90,049 | (30,571,991) |
| Total capital assets being depreciated, net | 37,957,695 | (1,493,144) | - | 36,464,551 |
| Total business-type capital assets, net | \$ 57,329,817 | \$ (1,146,150) | \$ - | \$ 56,183,667 |

Interest incurred in 2016 during the construction phase of proprietary fund assets is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period. Capitalized interest of \$12,226 and \$1,899 has been recorded for the water sewer and drainage funds, respectively.

VII. INTERFUND ASSETS/LIABILITIES AND TRANSACTIONS

Due from/to other funds outstanding as of September 30, 2016 and 2015 are as follows:

| Receivable Fund | Payable Fund | |
|-----------------|----------------------------|-----------|
| General Fund | Special Revenue Grant Fund | \$ 60,530 |
| | | \$ 60,530 |

The Special Revenue Grant Fund borrowed \$60,530 from the General to cover a temporary deficit due to expenditures that had not yet been reimbursed from the grantor. It is anticipated that these short-term liabilities will be repaid within one year or less. In 2016, the General Fund charged the Water and Sewer Proprietary Fund and the Drainage Utility Proprietary Fund a franchise fee equal to 8.5% of gross revenues based upon budgeted amounts. The franchise fee is recorded as tax revenue by the General Fund and an operating expense by both the Water and Sewer Fund and Drainage Utility Fund. The amount of the franchise fees charged in 2016 are as follows:

| <u>Fund</u> | <u>Franchise Fees</u> |
|-----------------------------------|---------------------------|
| Water and Sewer Proprietary Fund | \$ <u>1,400,000</u> |
| Drainage Utility Proprietary Fund | \$ <u><u>132,000</u></u> |

The General Fund charges various funds an administrative fee for certain general and administrative services. Administrative charges are recorded as service revenue by the General Fund and operating expenses by the paying funds. The 2016 administrative fees were as follows:

| <u>Fund</u> | <u>Administrative Charges</u> |
|---------------------------------------------|-----------------------------------|
| Water and Sewer Fund | \$ <u>780,000</u> |
| Drainage Utility Fund | \$ <u><u>151,400</u></u> |
| <u>Discretely Presented Component Units</u> | |
| Crime Control Prevention District | \$ <u>39,600</u> |
| Economic Development Corporation | \$ <u><u>175,667</u></u> |

Interfund transfers during the year ended September 30, 2016 were as follows:

| <u>Transfer Out:</u> | <u>Transfers In:</u> | | | |
|----------------------|--------------------------|--------------------------|--------------------------------|----------------------------|
| | <u>General</u> | <u>Debt Service</u> | <u>Capital Replacement</u> | <u>Total</u> |
| Water and Sewer Fund | \$ 520,000 | \$ 60,000 | \$ - | \$ 580,000 |
| Drainage Fund | 120,000 | - | - | 120,000 |
| Juvenile Case Fund | 48,000 | - | - | 48,000 |
| Court Security | 33,000 | - | - | 33,000 |
| Court Technology | 6,600 | - | - | 6,600 |
| General Fund | <u>-</u> | <u>490,650</u> | <u>500,000</u> | <u>990,650</u> |
| Total | \$ <u><u>727,600</u></u> | \$ <u><u>550,650</u></u> | \$ <u><u>500,000</u></u> | \$ <u><u>1,778,250</u></u> |

Transfers are primarily used to move funds from:

- The Water and Sewer and Drainage Utility Fund to the General Fund for a payment in lieu of taxes.
- The Water and Sewer Fund to the Debt Service Fund to cover a portion of general obligation interest and principal payments designated for water and sewer improvements.
- The Juvenile Case Fund to the General Fund to reimburse for a case manager that is paid out of the General Fund.
- The Court Security Fund to the General Fund to cover part of the salary and benefits for the Marshals.
- The Court Technology Fund to the General Fund to pay for a portion of the interest and principal payments related to a certificate of obligation.
- The General Fund to the Debt Service Fund to cover a portion of general obligation principal and interest payments.
- The General Fund to the Capital Replacement Fund for future purchase of vehicles and equipment.

Interfund receivables, payables, and transfers are reported in the governmental activities and business-type activities fund financial statements. In the entity-wide statements, interfund receivables, payables, and transfers are eliminated within the governmental and business-type activities columns, as appropriate.

VIII. LONG-TERM LIABILITIES

Changes in Outstanding Debt

During the year ending September 30, 2016, the following changes in liabilities occurred:

| Governmental Activities: | <u>9/30/2015</u> | <u>Increases</u> | <u>Reductions</u> | <u>9/30/2016</u> |
|------------------------------------|----------------------|---------------------|---------------------|----------------------|
| Certificates of obligation | \$ 13,150,000 | \$ - | \$ 1,135,000 | \$ 12,015,000 |
| Tax notes | 1,655,000 | - | 425,000 | 1,230,000 |
| General obligation bonds | 24,225,000 | - | 1,985,000 | 22,240,000 |
| Premium on bond issuances | 497,541 | - | 50,453 | 447,088 |
| Compensated absence obligations | 2,686,150 | 1,728,872 | 1,791,967 | 2,623,055 |
| Net pension obligation | <u>15,442,855</u> | <u>5,083,436</u> | <u>1,016,686</u> | <u>19,509,605</u> |
| | <u>\$ 57,656,546</u> | <u>\$ 6,812,308</u> | <u>\$ 6,404,106</u> | <u>\$ 58,064,748</u> |
| Business-Type Activities: | | | | |
| General obligation refunding bonds | \$ 7,890,000 | \$ - | \$ 1,260,000 | \$ 6,630,000 |
| Certificates of obligation | 9,000,000 | - | 395,000 | 8,605,000 |
| Premium on bond issuances | 159,047 | - | 16,303 | 142,744 |
| Compensated absence obligations | 298,906 | 200,678 | 175,941 | 323,643 |
| Net pension obligation | <u>2,313,288</u> | <u>655,947</u> | <u>64,787</u> | <u>2,904,448</u> |
| | <u>\$ 19,661,241</u> | <u>\$ 856,625</u> | <u>\$ 1,912,031</u> | <u>\$ 18,605,835</u> |
| Component Units: | | | | |
| Economic Development | | | | |

| Net OPEB obligation | <u>-</u> | <u>1,650</u> | <u>-</u> | <u>1,650</u> |
| Total crime control district | <u>442,457</u> | <u>222,539</u> | <u>73,313</u> | <u>591,683</u> |
| Total component units | <u>\$ 852,799</u> | <u>\$ 327,469</u> | <u>\$ 186,192</u> | <u>\$ 994,076</u> |

The ordinances authorizing the issuance of the Combination Tax and Limited Pledge Revenue Certificates of Obligation, and the General Obligation Refunding Bonds require that the City's ad valorem tax revenues be enough to generate net revenues sufficient to provide for the payment of the debt service requirements of the bonds issued. The City is in compliance with all requirements of the ordinances for the year ended September 30, 2016.

Long-term debt of the City consists of refunding bonds, certificates of obligation, contractual obligations, tax notes, pension obligations, and obligations under compensated absence agreements. At September 30, 2016, total outstanding debt consisted of the following:

| | Governmental Activities | Due Within One Year | Business-Type Activities | Due Within One Year |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|------------------------|-----------------------------|------------------------|
| \$2,000,000 Series 2006 General Obligation Bonds, dated September 25, 2006; due in annual installments of \$50,000 to \$140,000; through February 1, 2025; interest at 4.00% | \$ 1,025,000 | \$ 100,000 | \$ - | \$ - |
| \$5,450,000 Series 2006 Certificates of Obligation, dated September 25, 2006; due in annual installments of \$180,000 to \$490,000; through February 1, 2026; interest at 4.00% | 605,000 | 50,000 | 2,180,000 | 180,000 |
| \$1,850,000 Series 2006 General Obligation Refunding Bonds, dated November 1, 2006; due in annual installments of \$15,000 to \$210,000; through February 1, 2020; interest at 3.84% | 780,000 | 185,000 | - | - |
| \$6,500,000 Series 2007 Certificates of Obligation, dated October 18, 2007; due in annual installments of \$250,000 to \$635,000; through February 1, 2027; interest at 3.90% | 2,840,000 | 330,000 | 550,000 | 40,000 |
| \$5,870,000 Series 2008 General Obligation Refunding Bonds, dated March 5, 2008; due in annual installments of \$540,000 to \$620,000; through February 1, 2018; interest at 2.94% | 745,000 | 375,000 | 425,000 | 215,000 |
| \$8,400,000 Series 2008 Certificates of Obligation, dated September 23, 2008; due in annual installments of \$75,000 to \$805,000; through February 1, 2028; interest at 4.29% | 4,880,000 | 305,000 | 990,000 | 60,000 |

| | Governmental Activities | Due Within One Year | Business-Type Activities | Due Within One Year |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|------------------------|-----------------------------|------------------------|
| \$4,820,000 Series 2009 Combination Tax and Revenue Refunding Bonds, dated November 17, 2009; due in annual installments of \$470,000 to \$605,000; through February 1, 2019; interest at 3.14% | \$ - | \$ - | \$ 1,760,000 | \$ 570,000 |
| \$3,795,000 Series 2010 Certificates of Obligation, dated September 2, 2010; due in annual installments of \$175,00 to \$725,000; through February 1, 2030; interest at 2.00% to 4.00% issued at a premium of \$87,364 | - | - | 2,370,000 | - |
| \$5,385,000 Series 2010 General Obligation Refunding Bonds, dated October 7, 2010; due in annual installments of \$30,000 to \$280,000; through February 1, 2022, interest at 2.00% to 4.00% issued at a premium of \$96,607 | 1,730,000 | 345,000 | 955,000 | 200,000 |
| \$2,345,000, Series 2011 Combination Tax and Limited Pledge Revenue Certificates of Obligation, dated August 22, 2011; due in annual installments of \$125,000 to \$235,000; through February 1, 2026; interest at 2.00% to 3.50%, issued at a premium of \$29,831 | 1,250,000 | 125,000 | - | - |
| \$7,655,000, Series 2011 General Obligation Bonds, dated April 11, 2011; due in annual installments of \$75,000 to \$685,000; through February 1, 2032; interest at 3.75% to 4.35%, issued at a premium of \$113,275 | 7,050,000 | 150,000 | - | - |
| \$4,380,000, Series 2012 Combination Tax and Limited Pledge Revenue Certificates of Obligation, dated August 15, 2012; due in annual installments of \$150,000 to \$340,000; through February 1, 2032; interest at 2.00% to 3.00%, issued at a premium of \$113,275 | 530,000 | 205,000 | 2,515,000 | 130,000 |
| \$3,615,000 Series 2012 General Obligation Refunding Bonds, dated February 1, 2012; due in annual installments of \$40,000 to \$285,000; through February 1, 2028, interest at 2.00% to 3.00%, issued at a premium of \$264,753 | 2,080,000 | 145,000 | 710,000 | 120,000 |

| | Governmental Activities | Due Within One Year | Business-Type Activities | Due Within One Year |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|------------------------|-----------------------------|------------------------|
| \$2,995,000 Series 2013 General Obligation Bonds, dated April 11, 2013; due in annual installments of \$100,000 to \$220,000; through February 1, 2033, interest at 3.00% to 3.50%, issued at a premium of \$79,715 | \$ 2,695,000 | \$ 100,000 | \$ - | \$ - |
| \$2,300,000 Series 2013 Combination Tax and Limited Pledge Revenue Certificates of Obligation, dated April 1, 2013; due in annual installments of \$100,000 to \$175,000; through February 1, 2033, interest at 3.00% to 3.50%, issued at a premium of \$108,245 | 1,910,000 | 140,000 | - | - |
| \$2,035,000 Series 2013 Tax Notes, dated August 15, 2013; due in annual installments of \$225,000 to \$355,000; through February 1, 2020, interest at 2.50%, issued at a premium of \$69,494 | 1,045,000 | 295,000 | - | - |
| \$4,955,000 Series 2013 General Obligation Refunding Bonds, dated December 19, 2013; due in annual installments of \$420,000 to \$495,000; through February 1, 2025, interest at 2.29%, issued at par value | 4,080,000 | 430,000 | - | - |
| \$3,900,000 Series 2014 General Obligation Refunding Bonds, dated May 14, 2014; due in annual installments of \$50,000 to \$455,000; through February 1, 2029, interest at 2.16%, issued at par value | 690,000 | 55,000 | 2,780,000 | 175,000 |
| \$1,575,000 Series 2014 General Obligation Bonds, dated September 25, 2014; due in annual installments of \$105,000; through September 30, 2029, interest at 2.39%, issued at par value | 1,365,000 | 105,000 | - | - |
| \$365,000 Series 2014 Tax Notes, dated October 16, 2014; due in annual installments of \$90,000 to 95,000; through September 30, 2018, interest at 1.00% to 1.250%, issued at a par value. | 185,000 | 90,000 | - | - |
| Premium on issued of debt | <u>477,088</u> | <u>-</u> | <u>142,744</u> | <u>16,304</u> |
| Total bonds and notes outstanding | <u>\$ 35,962,088</u> | <u>\$ 3,530,000</u> | <u>\$ 15,377,744</u> | <u>\$ 1,706,304</u> |

Repayment of Long-Term Obligations

Retirement of the notes, bonds, certificates of obligation, and contractual obligations used in governmental activities is provided from taxes allocated for debt service together with interest earned within the debt service fund. Revenue bonds are retired from net revenues of the enterprise fund and certain certificates of obligation and tax notes are retired through sales taxes. The retirement of compensated absence debt and pension obligations are provided by financial resources of the general and proprietary funds. Annual debt service requirements to amortize all obligations outstanding, except employee benefits, as of September 30, 2016, follow:

| Governmental Activities | | | | | | |
|---------------------------|---------------------------------------------|--------------------------------|---------------------------------|---------------------|---------------------|----------------------|
| Due Fiscal Year Ending | General Obligation Refunding Bonds | General Obligation Bonds | Certificate of Obligation | Tax Notes | Interest | Total |
| 2017 | \$ 1,535,000 | \$ 455,000 | \$ 1,155,000 | \$ 385,000 | \$ 1,156,429 | \$ 4,686,429 |
| 2018 | 1,525,000 | 460,000 | 945,000 | 390,000 | 1,053,131 | 4,373,131 |
| 2019 | 1,120,000 | 485,000 | 970,000 | 230,000 | 956,828 | 3,761,828 |
| 2020 | 1,145,000 | 500,000 | 995,000 | 225,000 | 864,925 | 3,729,925 |
| 2021 | 995,000 | 510,000 | 950,000 | - | 776,608 | 3,231,608 |
| 2022-2026 | 3,235,000 | 4,275,000 | 5,000,000 | - | 2,569,360 | 15,079,360 |
| 2027-2031 | 550,000 | 4,325,000 | 1,800,000 | - | 780,769 | 7,455,769 |
| 2032-2034 | - | 1,125,000 | 200,000 | - | 37,099 | 1,362,099 |
| Total | <u>\$ 10,105,000</u> | <u>\$ 12,135,000</u> | <u>\$ 12,015,000</u> | <u>\$ 1,230,000</u> | <u>\$ 8,195,146</u> | <u>\$ 43,680,146</u> |

| Business-Type Activities | | | | |
|------------------------------|---------------------------------------------|---------------------------------|---------------------|----------------------|
| Due Fiscal Year Ending | General Obligation Refunding Bonds | Certificate of Obligation | Interest | Total |

| 2032-2034 | - | - | - | - |
| Total | <u>\$ 6,630,000</u> | <u>\$ 8,605,000</u> | <u>\$ 2,832,159</u> | <u>\$ 18,067,159</u> |

Component Units

There are no debt service requirements for debt obligations for the Economic Development and Crime Control District funds.

Defeased Bonds Outstanding

In years past, the City issued refunding bonds to defease certain outstanding bonds for the purpose of consolidation and to achieve debt service savings. The City has placed the proceeds from the refunding issues in irrevocable escrow accounts with a trust agent to ensure payment. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the City's financial statements. Although defeased, the refunded debt from these earlier issues will not be actually retired until the call dates have come due or until maturity. The City has no outstanding defeased debt as of September 30, 2016.

Reserve Requirement

Water and Sewer System Revenues bond ordinances establish a Reserve Fund that must be maintained by the City. The total amount to be accumulated in the Reserve Fund is the average principal and interest on said bonds or equal parity bonds. The City issued surety bond insurance policies for the substitution of the reserve requirement as set forth in the bond ordinances. These bonds were paid off during 2014.

As of September 30, 2016, the City had \$8,433,000 in general obligation bonds, which were authorized and unissued.

IX. DEFINED BENEFIT PENSION POLICIES

Plan Descriptions. The City participates as one of 866 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agency multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Sections 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.tmr.org.

All eligible employees of the City are required to participate in TMRS.

Benefits Provided. TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the City-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payments options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

A summary of plan provisions for the City are as follows:

| | |
|-----------------------------------|-----------------------------------------------------|
| Employee deposit rate | 7% |
| Matching ratio (City to employee) | 2 to 1 |
| Years required for vesting | 5 |
| Service retirement eligibility | 20 years to any age, 5 years at age 60 and above |
| Updated service credit | 100% Repeating transfers |
| Annuity increases (to retirees) | 70% of CPI Repeating |

Employees covered by benefit terms

At the December 31, 2015 valuation and measurement date, the following employees were covered by the benefit terms:

| | |
|------------------------------------------------------------------|-------------------|
| Inactive employees or beneficiaries currently receiving benefits | 180 |
| Inactive employees entitled to but not yet receiving benefits | 143 |
| Active employees | <u>267</u> |
| | <u><u>590</u></u> |

Contributions. The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the City matching percentages are with 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contributions rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year 2016. The contribution rates for the City were 18.72% and 19.28% in calendar years 2016 and 2015, respectively. The city's contributions to TMRS for the year ended September 30, 2016, were \$3,164,882, and were equal to the required contributions.

Net Pension Liability. The city's Net Pension Liability (NPL) was measured as of December 31, 2015, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial assumptions:

The Total Pension Liability in the December 31, 2015 actuarial valuation was determined using the following actuarial assumptions:

| | |
|---------------------------|--------------------------------------------------------------------|
| Inflation | 2.5% per year |
| Overall payroll growth | 3.0% per year |
| Investment Rate of Return | 6.75%, net of pension plan investment expense, including inflation |

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on a gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment, with male rates multiplied by 109% and female rates multiplied by 103%. Based on the size of the city, rates are multiplied by a factor of 100%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustments are used with male rates multiplied by 109% and female rates multiplied by 103% with a 3-year-set-forward for both males and females. In addition, a 3% minimum mortality rate is applied to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor.

Actuarial assumptions used in the December 31, 2015 valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period of December 31, 2010 through December 31, 2014. Healthy post-retirement mortality rates and annuity purchase rates were updated based on a Mortality Experience Investigation Study covering 2009 through 2011, and the dated December 31, 2013. These assumptions were first used in the December 31, 2013 valuation, along with a change to the Entry Age Normal (EAN) actuarial valuation. After the Asset Allocation Study analysis and experience investigation study, the Board amended the long-term expected rate of return on pension plan investments from 7% to 6.25%. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). At its meeting on July 30, 2015, the TMRS Board approved a new portfolio target allocation. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TMRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS. The target allocation and best estimates of arithmetic real rates return for each major assets class are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return (Arithmetic) |
|-----------------------|-------------------|--------------------------------------------------------|
| Domestic Equity | 17.5% | 4.55% |
| International Equity | 17.5% | 6.10% |
| Core Fixed Income | 10.0% | 1.00% |
| Non-Core Fixed Income | 20.0% | 3.65% |
| Real Return | 10.0% | 4.03% |
| Real Estate | 10.0% | 5.00% |
| Absolute Return | 10.0% | 4.00% |
| Private Equity | 5.0% | 8.00% |
| Total | 100.0% | |

Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the Total Pension Liability.

Changes in the Net Pension Liability

| | Increase (Decrease) | | |
|---------------------------------------------------------------|-------------------------|-----------------------------|-----------------------|
| | Total Pension Liability | Plan Fiduciary Net Position | Net Pension Liability |
| | (a) | (b) | (a) - (b) |
| Balance at 12/31/2014 | \$ 101,910,371 | \$ 83,433,636 | \$ 18,476,735 |
| Changes for the year: | | | |
| Service cost | 2,783,635 | - | 2,783,635 |
| Interest | 7,077,941 | - | 7,077,941 |
| Change of benefit terms | - | - | - |
| Difference between expected and actual experience | (374,424) | - | (374,424) |
| Changes of assumptions | (364,224) | - | (364,224) |
| Contributions - employer | - | 3,141,239 | (3,141,239) |
| Contributions - employee | - | 1,141,181 | (1,141,181) |
| Net investment income | - | 123,113 | (123,113) |
| Benefit payments, including refunds of employee contributions | (4,377,490) | (4,377,490) | - |
| Administrative expense | - | (74,987) | 74,987 |
| Other changes | - | (3,703) | 3,703 |
| Net changes | 4,745,438 | (50,647) | 4,796,085 |
| Balance at 12/31/2015 | <u>\$ 106,655,809</u> | <u>\$ 83,382,989</u> | <u>\$ 23,272,820</u> |

The following presents the net pension liability of the City, calculated using the discount rate of 6.75%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) of 1-percentage-higher (7.75%) than the current rate:

| | 1% Decrease in Discount Rate (5.75%) | Discount Rate (6.75%) | 1% Increase in Discount Rate (7.75%) |
|------------------------------|--------------------------------------|-----------------------|--------------------------------------|
| City's net pension liability | \$ 39,354,582 | \$ 23,272,820 | \$ 10,168,864 |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. The report may be obtained on the Internet at www.tmrs.org.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. For the year ended September 30, 2016, the City recognized pension expense of \$3,992,438.

At September 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|-------------------------------------------------------------|-----------------------------------|----------------------------------|
| Differences between expected and actual economic experience | \$ - | \$ 688,105 |
| Changes in actuarial assumptions | - | 284,175 |
| Difference between projected and actual | 5,176,169 | - |
| Contributions subsequent to the measurement date | <u>2,227,690</u> | <u>-</u> |
| Total | <u>\$ 7,403,859</u> | <u>\$ 972,280</u> |

\$2,227,689 reported as deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2016. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expenses as follows:

| Year Ended September 30, | |
|-----------------------------|---------------------|
| 2016 | \$ 1,033,707 |
| 2017 | 1,033,707 |
| 2018 | 1,082,315 |
| 2019 | 1,054,160 |
| 2020 | - |
| Thereafter | <u>-</u> |
| Total | <u>\$ 4,203,889</u> |

X. SUPPLEMENTAL DEATH BENEFITS

Plan Description

The City also participates in the cost sharing multiple employer defined benefit group-term life insurance plan operated by the Texas Municipal Retirement System (TMRS) known as the Supplemental Death Benefits Fund (SDBF). The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

Benefits

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an "other postemployment benefit," or OPEB.

Contributions

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The fund policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to prefund retiree term life insurance during employees' entire careers.

The City's contributions to the TMRS SDBF for the years ended 2016, 2015, and 2014 were \$30,158, \$28,719, and \$26,402, respectively, which equaled the required contributions each year.

XI. OTHER POST EMPLOYMENT BENEFITS – OPEB

Plan Description

Full-time employees of the City who retire from the Texas Municipal Retirement System are eligible to participate in the retiree health care plan. Under State law, the City must offer health insurance to full-time employees that retire through our pension system, the Texas Municipal Retirement System. This affords the option to continue insurance but the retiree must pay the full premiums for coverage unless eligible for additional coverage as outlined below. The City established by ordinance a single-employer defined benefit post-employment, healthcare plan that covers retired employees of the City. The City established an irrevocable trust and contracted with an administrator, as well as a custodial bank, to manage the plan's assets. The trust does not issue a separate audited financial report. However, the trust is audited as part of the City's annual audit and an account statement prepared by the administrator is available upon request by contacting the City's Finance Department, 5024 Broadway Avenue, Haltom City, Texas 76117.

A retiree who worked as a full-time employee for a minimum of twenty years may receive up to \$200 per month as reimbursement for retiree health care. The retiree can remain on the City's health plan and receive up to \$200 per month or purchase insurance elsewhere and provide proof of coverage and cost in order to receive up to \$200 per month for the cost of health care coverage. If the actual monthly cost is less than \$200 per month, then the payment is capped at the total monthly cost. The maximum contribution by the City for retirees with twenty years of full-time service is \$200 per month.

Funding Policy and Annual OPEB Cost

The City's annual other post-employment benefits (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameter of GASB Statement No. 45. The ARC represents a level of accrual that is projected to recognize the normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The calculation of the Net OPEB Obligation for the primary government as of September 30, 2016 is summarized below:

| | Primary Government |
|--------------------------------------|----------------------------|
| Annual Required Contribution (ARC) | \$ 365,578 |
| Interest on OPEB Asset | (12,713) |
| Adjustment to the ARC | 10,354 |
| Annual OPEB Cost (APC) | 363,219 |
| Net estimated employer contributions | (194,309) |
| (Increase) decrease in OPEB Asset | 168,910 |
| NET OPEB Asset, beginning of year | (189,073) |
| Net OPEB Asset, end of year | <u><u>\$ (20,163)</u></u> |

The calculation of the Net OPEB Obligation for the component units as of September 30, 2016 is summarized below:

| | Component Units | |
|--------------------------------------|----------------------|------------------------|
| | Economic Development | Crime Control District |
| Annual Required Contribution (ARC) | \$ 11,078 | \$ 11,078 |
| Interest on OPEB Asset | (386) | (387) |
| Adjustment to the ARC | 314 | 314 |
| Annual OPEB Cost (APC) | 11,006 | 11,005 |
| Net estimated employer contributions | (5,888) | (5,888) |
| (Increase) decrease in OPEB Asset | 5,118 | 5,117 |
| Net OPEB Asset, beginning of year | (4,297) | (3,467) |
| Net OPEB Asset, end of year | <u><u>\$ 821</u></u> | <u><u>\$ 1,650</u></u> |

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year ending September 30, 2016 and the preceding two fiscal years were as follows:

| Fiscal Year End | Annual OPEB Cost | Employer Amount Contributed | Percentage Contributed | Net OPEB Asset |
|--------------------|------------------|-----------------------------|------------------------|----------------|
| September 30, 2014 | \$ 361,549 | \$ 364,080 | 100.7% | \$ (186,625) |
| September 30, 2015 | 374,070 | 384,282 | 102.7% | (196,837) |
| September 30, 2016 | 385,233 | 206,085 | 53.5% | (17,689) |

Funding Status and Funding Progress

The funded status of Haltom City's retiree health care plan, under GASB Statement No. 45 as of December 31, 2016, the most recent actuarial valuation date, is as follows:

| Actuarial Valuation Date as of | Actuarial Value of Assets (a) | Actuarial Accrued Liability (AAL) (b) | Unfunded AAL (UAAL) (b-a) | Funded Ratio (a/b) | Annual Covered Payroll (d) | Ratio of UAAL to Annual Covered Payroll (b-a)/d |
|--------------------------------------|----------------------------------------|---------------------------------------------------|------------------------------------|--------------------------|-------------------------------------|-------------------------------------------------------------|
| 12/31/2014 | \$ 1,830,948 | \$ 4,838,830 | \$ 3,007,882 | 37.8% | \$ 15,955,040 | 18.9% |

Under the reporting parameters, the City's retiree health care plan is 37.8% funded with an estimated actuarial accrued liability exceeding actuarial assets by \$3,007,882 at December 31, 2016. As of the most recent valuation, the ratio of the unfunded actuarial accrued liability to annual covered payroll is 18.9%.

Actuarial Methods and Assumptions

The Projected Unit Credit actuarial cost method is used to calculate the GASB ARC for The City's retiree health care plan. Using the plan benefits, the present health premiums and a set of actuarial assumptions, the anticipated future payments are projected. The projected unit credit method then provides for a systematic funding for these anticipated payments. The yearly ARC is computed to cover the cost of benefits being earned by covered members as well as to amortize a portion of the unfunded accrued liability.

Projections of health benefits are based on the plan as understood by the City and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the City and its employees to that point. Actuarial calculations reflect a long-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions are as follows:

| | |
|---------------------------|-----------------------------------------------------------------------------|
| Inflation rate | 3.00% per annum |
| Investment rate of return | 6.85% per annum, net of expenses |
| Actuarial cost method | Projected Unit Credit Cost Method |
| Amortization method | Level as percentage of employee payroll |
| Amortization period | 30-year, open amortization |
| Payroll growth | 3.0% per annum |
| Medical trend | Initial rate of 7.25% declining to an ultimate rate of 5.00% after 11 years |

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status and the annual required contributions of the City's retiree health care plan are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

XII. RISK MANAGEMENT

The City is self-insured for workers compensation and general liability claims. Actual claims are billed directly to the fund that incurred the claim. An excess coverage insurance policy through Texas Municipal League Intergovernmental Risk Pool cover claims in excess of \$25,000 for general, auto, law enforcement, and error/omissions liability, \$1,000 for property claim damage, \$10,000 for auto damage and \$100,000 for workers compensation. As of September 30, 2016, the Risk Pool was self-sustaining, based on premiums charges, so that total contributions plus compounded earnings on these contributions will be sufficient to satisfy claims and liabilities and other expenses. Premiums are assessed based on the rates set by the Texas State Board of Insurance and may be adjusted, on an annual basis, by the Risk Pool's Board of Trustees for each participating political subdivision's experience. The City is not liable for payments beyond the annual contributions. There were no significant reductions in insurance coverage in the past fiscal year, and there were no settlements exceeding insurance coverage in each of the past three years.

Liabilities are reported when it is probably that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not report. Claim liabilities are calculated considering the effects of inflation, recent claim settlement rends, including frequency and amount of payouts and other economic and social factors. The liabilities are due within one year of the date of the statement of net position. Changes in the claims liability for fiscal year 2016 and 2015 are listed as follows:

| | 2016 | 2015 |
|----------------------------------------------|-------------------|-------------------|
| Claims payable, beginning of year | \$ 207,719 | \$ 134,666 |
| Current year claims and changes in estimates | 217,782 | 110,056 |
| Payments on claims | <u>121,278</u> | <u>37,003</u> |
| Claims payable, end of year | <u>\$ 304,223</u> | <u>\$ 207,719</u> |

XIII.COMMITMENTS AND CONTINGENT LIABILITIES

In 2010, the City entered into a twenty-year contract for the purchase of water. Under the terms of the contract, the City is obligated to make a minimum annual payment, subject to adjustment under certain conditions as provided in the contract, of approximately \$50,000. Payments under this contract were approximately \$4,417,480 in 2016 and are included as operating expenses of the Water and Sewer Fund.

In 1987, the City entered into a thirty-year contract for the treatment and transportation of sanitary sewage. Payments under this contract are on a per connection basis and were approximately \$4,201,704 in 2016, and are also included as operating expenses of the Water and Sewer Fund.

At September 30, 2016, the City was committed to several long-term construction contracts. The governmental funds were contractually committed to approximately \$5,923,000, the business-type funds were committed to \$4,933,000, and the component units were committed to approximately \$490,000.

The City is a defendant in several legal actions involving various claims incident to the conduct of the City's operations. Management does not expect the City to suffer any material liability by reason of such actions.

The City has participated in a number of state and federally assisted grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

XIV. RELATED PARTY TRANSACTIONS

The following schedule presents significant transactions between the primary government and the Corporation and the District during the year ended September 30, 2016:

| Purpose | |
|---------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|
| Corporation provided funding for construction of economic development related projects to primary government. | \$ 480,000 |
| Corporation provided assistance with principal and interest payments for proceeds that were used to construct assets to stimulate economic development. | 381,925 |
| Administration Fees paid by Corporation to Primary Government | 194,280 |
| District provided funding for salary increase for Policy Department. | 300,000 |
| District provided assistance with principal and interest payments for proceeds that were used to purchase assets for crime control. | 127,215 |
| Administration Fees paid by District to Primary Government | <u>39,600</u> |
| Total | \$ <u><u>1,523,020</u></u> |

XV. SUBSEQUENT EVENT

In January 2017, the City issued \$7,970,000 General Obligation and Refunding Bonds, Series 2017. The debt was issued to refund the Series 2014 Certificates of Obligation and an addition \$3,000,000 new debt. The General Obligation and Refunding Bonds, Series 2007 are payable over the next twelve years. Net proceeds from the sale of bonds totaled \$8,446,648. Of these proceeds, \$5,298,129 was placed with an escrow agent to pay off the refunded principal amount. The refunding resulted in an economic gain (difference between the present value of the debt service payment of the old debt and new debt) of \$393,807. Of the \$3,000,000 new debt, \$2,000,000 are for street construction projects and \$1,000,000 are for park projects.

SCHEDULE OF CONTRIBUTIONS

FOR THE YEAR ENDED SEPTEMBER 30, 2016

| Fiscal Year | 2014 | 2015 | 2016 |
|----------------------------------------------------------------------|------------------|------------------|------------------|
| Actuarial determined contribution | \$ 3,021,224 | \$ 3,112,202 | \$ 3,164,882 |
| Contributions in relation to the actuarially determined contribution | <u>3,021,224</u> | <u>3,112,202</u> | <u>3,164,882</u> |
| Contribution deficiency (excess) | - | - | - |
| Covered employee payroll | 15,763,659 | 15,955,040 | 16,754,656 |
| Contributions as a percentage of covered employee payroll | 19.17% | 19.51% | 18.89% |

NOTES TO SCHEDULE OF CONTRIBUTIONS

Valuation Date Actuarially determined contribution rates are calculated as of December 31 and become effective in January 13 months later.

Methods and Assumptions Used to Determine Contribution Rates:

| | |
|-------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Actuarial Cost Method | Entry Age Normal |
| Amortization Method | Level Percentage of Payroll, Closed |
| Remaining Amortization Period | 25 years |
| Asset Valuation Method | 10 Year smoothed market; 15% soft corridor |
| Inflation | 2.50% |
| Salary Increases | 3.50% to 10.5% including inflation |
| Investment Rate of Return | 6.75% |
| Retirement Age | Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2015 valuation pursuant to an experience study of the period 2010-2014. |
| Mortality | RP2000 Combined Mortality Table with Blue Collar Adjustment with male rates multiplied by 109% and female rates multiplied by 103% and projected on a fully generational basis of with BB. |

Other Information There were no benefit changes during the year.

Note: This schedule is required to have 10 years of information, but the information prior to 2014 is not available.

STATISTICAL SECTION

The City of Haltom City's statistical section presents detailed information as a context for understanding the information in the financial statements, note disclosures, and required supplementary information, which details the City's overall financial health and well-being.

Contents

| | <u>Page</u> |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| Financial Trends | 94 – 103 |
| These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changes over time. | |
| Revenue Capacity | 104 – 109 |
| These schedules contain information to help the reader assess the City's most significant local revenue sources, property taxes and sales taxes. | |
| Debt Capacity | 110 – 114 |
| These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. | |
| Demographic and Economic Information | 115 – 117 |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place. | |
| Operating Information | 118 – 119 |
| These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs. | |
| Other Information | |
| TMRS – Analysis of Funding | 120 |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor
And Members of the City Council
City of Haltom City, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Haltom City, Texas (the "City") as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the City of Haltom City, Texas' basic financial statements and have issued our report thereon dated February 27, 2017.

Internal Control Over Financing Reporting

In planning and performing our audit of the financial statements, we considered the City of Haltom City, Texas' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Haltom City, Texas' internal control. Accordingly, we do not express an opinion on the effectiveness of City of Haltom City, Texas' internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and there, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operations of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We considered the deficiency described in the accompanying schedule of findings and responses as item 2016-001 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Haltom City, Texas' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The City of Haltom City, Texas' Response to Findings

The City of Haltom City, Texas' response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The City of Haltom City, Texas' response was not subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Pattillo, Brown & Hill, L.L.P.

Waco, Texas
February 27, 2017

CITY OF HALTOM CITY, TEXAS

SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED SEPTEMBER 30, 2016

Finding No. 2016-001:

Bank and Investment Reconciliations

Specific requirement:

Bank reconciliations are a very important control over cash. These reconciliations verify that cash on the general ledger is correct as of the end of each month. This process helps discover deposits that may have not made it to the general ledger or detect disbursements that were made that may not have been recorded. The bank reconciliation is the only process that shows cash is correct over multiple funds at various points during the year.

Condition:

The reconciled cash and investment balance did not agree to the cash and investment balance on the general ledger.

Context:

The difference between cash on the reconciliation and the general ledger was not corrected.

Effect:

The reconciled cash and investment balance on the reconciliation did not agree to the cash and investment balance on the general ledger.

Cause:

The city has experienced turnover and have had employees that work on the reconciliation process leave during the year. The city must create a process that make sure cash and investments are reconciled to the general ledger every month. There also should be multiple employees trained to perform the reconciliation process. This would help make sure that process should be performed even in the event of personnel turnover.

Recommendation:

The City needs to make sure that cash and investments are reconciled to the general ledger every month. If differences arise, the amounts should be investigated and recorded.

View of Responsible Officials:

Concur.

Corrective Action:

The City Controller will review all cash and investments accounts for accuracy before submitting the trail balance to the auditors.

CITY OF HALTOM CITY, TEXAS

SCHEDULE OF PRIOR FINDINGS AND RESPONSES YEAR ENDED SEPTEMBER 30, 2016

Material Weaknesses

Finding No. 2015-001:

Compensated absences were not properly stated.

Specific Requirement:

For governmental funds, local governments do not record a liability for long-term accrued obligations that they do not expect to liquidate with expendable available financial resources, such as vacation leave, sic pay, comp time, etc. For enterprise funds, local governments are required to report the full amount of the liability for long-term accrued obligations.

Condition:

The City offers several benefits to which this requirement applies.

Context:

Adjustments were needed to the Governmental Activities, Water and Sewer Fund and Drainage Fund to properly reflect the liability.

Effect:

Liabilities were overstated by approximately \$140,987.

Cause:

The compensated reports from the financial software were analyzed and adjusted but were not properly adjusted for the City's policies regarding this liability.

Recommendation:

City personnel should implement a process to determine which adjustments at year-end are needed. One person should prepare the journal entries and schedules and another person reviews this information prior to presenting it to the auditors.

View of Responsible Officials:

Concur

Corrective Action:

The Controller will check the adjustments at the year-end to ensure that the correct liabilities are recorded.

Current Status:

The City was able to provide the compensated absences report in order to generate the compensated balances for the current fiscal year.

CITY OF HALTOM CITY, TEXAS

SCHEDULE OF PRIOR FINDINGS AND RESPONSES YEAR ENDED SEPTEMBER 30, 2016 (Continued)

Finding No. 2015-002:

Bank and Investment Reconciliations

Specific requirement:

Bank reconciliations are a very important control over cash. These reconciliations verify that cash on the general ledger is correct as of the end of each month. This process helps discover deposits that may have not made it to the general ledger or detect disbursements that were made that may not have been recorded. The bank reconciliation is the only process that shows cash is correct over multiple funds at various points during the year.

Condition:

The reconciled cash and investment balance did not agree to the cash and investment balance on the general ledger.

Context:

The difference between cash on the reconciliation and the general ledger was not corrected.

Effect:

The reconciled cash and investment balance on the reconciliation did not agree to the cash and investment balance on the general ledger.

Cause:

The city has experienced turnover and have had employees that work on the reconciliation process leave during the year. The city must create a process that make sure cash and investments are reconciled to the general ledger every month. There also should be multiple employees trained to perform the reconciliation process. This would help make sure that process should be performed even in the event of personnel turnover.

Recommendation:

The City needs to make sure that cash and investments are reconciled to the general ledger every month. If differences arise, the amounts should be investigated and recorded.

View of Responsible Officials:

Concur.

Corrective Action:

The City Controller will review all cash and investments accounts for accuracy before submitting the trail balance to the auditors.

Current Status:

See findings at 2016-001.

SCHEDULE OF PRIOR FINDINGS AND RESPONSES YEAR ENDED SEPTEMBER 30, 2016 (Continued)

| | |
|---------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <u>Finding No. 2015-003:</u> | 820 Backage Road Improvements |
| Specific Requirement: | The grant agreement requires that the City provide to the grantor on a monthly basis a report of expenses, including the local government's expenditure of local match funds. The report shall list the expenditures separately by project phase and include (but not limited to) engineering, environmental review, right of way acquisition and construction. |
| Condition: | The City was advanced approximately \$11.4 million from North Central Texas Council of Governments (NCTCOG) with which to build backage roads along Interstate-820. |
| Context: | No reports were filed with NCTCOG during 2014. |
| Effect: | Grant funds spent may not be in accordance with the grant provisions. Amounts could be disallowed. Match requirement may not be met. Lack of compliance could result in liability to the City if the grantor requests grant funds to be repaid. |
| Cause: | Personnel administering the grant were not aware of the requirement. |
| Recommendation: | All City personnel involved in the administering of grants should receive training on the compliance requirements. |
| View of Responsible Officials: | Concur. |
| Corrective Action: | Monthly reports will be filed with the granting agency as required. |
| Current Status: | This grant ended in FY 2015. There were no reporting issues noted in the current fiscal year. |
